Joint Foreign Chambers of Commerce in Thailand

The Joint Foreign Chambers of Commerce in Thailand is the umbrella body for various Thai- foreign chambers or business associations operating in Thailand. There are 33 chambers and business associations representing more than 9,000 companies in this wide membership.

Our mission is to promote trade and foreign investment, encourage skills development and transfer with the overall aim of contributing to the economy in which we live and work and to which we have made our commitments. We work with the Royal Thai government and various government agencies such as the Board of Trade, Board of Investment and the Federation of Thai Industries and many sector-specific agencies, and by way of advice and recommendation to foreign governments – for the benefit of the Thai economy. If the Thai economy benefits and grows, so too will all those who are part of it.

Future Cooperating with Thai Chamber of Commerce and Board of Trade of Thailand

Ease of doing business

Purpose: To facilitate and decrease the obstacles of foreign business activities in Thailand

Future plans: To provide information on how advocacy work is done, including a short description from each committee chair. E.g. Rule of Law, Foreign Business Act and Work Permit and Visa
